Michael Norman COLLINS

Serial No.

Art Unit:

Filed: concurrently herewith

Examiner:

For: LARYNGEAL MASK AIRWAY

Atty Docket: 0119/0004

PRELIMINARY AMENDMENT

Assistant Commissioner for Patents
Washington, D.C. 20231

Sir:

Please amend the above-identified application before examination.

In the Claims

Please amend claims 1-10 as follows:

1. (Amended) A laryngeal mask airway including a tubular portion and a mask portion at its patient end having a sealing cuff of generally oval shape defining an opening within its center and adapted to seal with patient tissue around the laryngeal inlet, the mask portion defining a recess extending from the opening to the patient end of the tubular portion, characterized in that the patient end of the tubular portion is located above and to the rear of the rear side of the opening such as to space it away from the epiglottis.
2. (Amended) An airway according to Claim 1, characterized in that the patient end of the tubular portion is located substantially midway across the width of the rear side of the sealing cuff.
